Qlight's exclusive inno- vative design - the horn cover emits light!

· By using the horn cover as a light globe, the size of the product has been reduced significantly

· The color of light can be selected from red, yellow, green, or blue

· Product has two models: the basic model with 31 built-in sounds, and an external sound (MP3) type model

· Includes seven different playback functions; one function is the continuous playback function which provides constant message notification

· Can play special alarm sounds depending on environment, and supports Binary Input Method

· Can paly up to 31 sounds by saving MP3 files on SDcard

· By making the horn cover with polycarbonate (PC) material, The product has excellent durability and weather resistance

· Can be used for heavy-duty, ship, or outdoor use which requires waterproof, dustproof structure(IP66).
